HALT IMMIGRATION.
RADIO LANGUAGES.
BEES BREAK LAWS.

By Arthur Brisbane
(Copyright 1930 By King Features

GREAT BRITAIN has stopped immigration into Palestine and the Jewish National council proclaims a general strike throughout the Holy Land in protest. Jews in Palestine say the British order means "the doom of Zionism."

The idea of Great Britain is to give the present inhabitants of Palestine, Jews and Arabs, a chance to become acquainted and friendly. This is offensive to the Zionists.

DR. GOLDSMITH of the Radio Corporation of America thinks we need a world language "to link the peoples by radio." A world language will come through "survival of the fittest." Maybe the English language as that language dominates in movies, talks and radio.

Other nations need not be offended by the suggestion. English is a fair compromise, being made up of French, German, Saxon, Italian, Greek, Sanskrit, Arabic and other languages.

Different countries, different customs, as the French say. In Santo Domingo, General Trujillo, having won the presidential election, the American receiver of dominican customs, Mr. Pullman, returning home finds defeated candidates sitting on his doorstep asking protection from the successful candidate.

Imagine Governor Al Smith after the election hurrying to the doorstep of the British ambassador for protection from President-elect Hoover.

THE AMERICAN BOOK Sellers' association is told that price-cutting in the sale of books will ruin the book trade. On the other hand intelligent reduction in prices of books would establish the book trade. Selling ten or fifty thousand books means nothing.

Books should be read by the millions. And the book business, like other great businesses, should build itself up on big sales and small profits, instead of selling for \$2.50 a book that can be made for 40 cents.

MR. SALES, apiarist of North Carolina's state college, says corn liquor is killing off honey bees. They find the secret stills, accept no bribe, tell their friends about it. All drink from the mash, many die. Bees cannot read, are not bound by the constitution and they have an excuse that men lack.

The apiarist says bees can find whisky stills with deadly certainty. That might help in prohibition enforcement, government agents taking with them trained bees, confirmed corn liquor addicts, held in leash on silken threads. Tugging at the leash, they would lead toward the still.

SAN FRANCISCO, Oakland and other cities near the Golden Gate have a possession never to be duplicated.

On high hills, to the east and south of the bay, the state has established a park with 9,000 acres of magnificent giant redwood trees. "This park to be perpetually maintained for all the people, is the most magnificent in the world."

Proud man, dressed in a little brief authority, feels small, among those silent giants.

Even Mussolini, or the original Caesar, would have no inclination to say "how great am I," looking up 360 feet to the top of a tree 5,000 years old, still growing, although fire had burned within it a chamber in which 50 men can stand.

THE SHY, DARK DEER, protected, made tame by safety, come from behind a huge tree trunk, to accept your offering. They and the eternally quiet tree giants, are in harmony.

Man, with his foolish questions, attaching human names to the giant trees, McKinley, Harding, Fremont, is as much out of place in that forest as he would be in the ocean's depths.

OURS IS A MARVELOUS earth dwelling, far too good for those that inhabit it, except the children, spirits of light, and the very old, made humble by life's trials.

Better to see a giant tree declaring the glory of God through tens of centuries, than wander off 1,000 miles to see a Taj Mahal, built by sensuality in honor of a dead mistress.

Graf Sails Southward Towards Brazil Capital

GIANT ZEPPELIN COMPLETES PART OF AIR JOURNEY

Landing At Rio Janeiro Not Certain Due To High Winds

PLANS OF ECKENER REMAIN IN DOUBT

Commander To Continue Flight Inward To Sao Paulo Tonight

PERNAMBUCO, BRAZIL, May 24.—The Graf Zeppelin sailed southward today along one of the most beautiful coasts in the world on a 1,250 mile trip to Rio Janeiro, capital of Brazil.

On their left passengers had the blue of the Atlantic, dotted with vessels in the coastwise trade, and on their right Brazil, now mountainous and now rolling, but always green and sparkling in the tropic sun.

Departure from here was at 11:55 p. m. (9:55 p. m. Salem time) several hours later than the Graf's master, Dr. Hugo Eckener, had calculated the intense heat making hazardous the replenishment of the lifting gas until the air had cooled.

Crowd Views Departure
Almost as large a crowd as Pernambuco has ever seen witnessed the departure, cheering frantically as the ship rose gracefully in the air. It circled the city with flashlights playing on its sides and at 12:20 a. m. disappeared among the stars to the southward.

SALEM TOWNSHIP HOLDS PROGRAM

"Achievement" Day Event Held At Grange Hall Friday Night

Women of Salem township gave their Achievement Day program at a meeting of the Salem Farm bureau Friday evening at Salem Grange hall, Depot rd.

The program included two plays, "Getting Ahead of Mr. Dollar" presented by Mrs. Joseph Henderson, Eleanor Satterthwaite and Mrs. Willis Zimmerman, while the play, "Dad Comes Across" was given by a cast including Mrs. Raymond Hart, Mrs. James Thomas, Mrs. Willis McArthur, Mrs. Ralph Huston, Mrs. Homer Dickinson and son, Dwight.

Other numbers were: Vocal solo, Mrs. Herman Zimmerman; recitation, Dwight Dickinson; vocal solo, Mrs. Clifford Aiken; recitation, Mrs. Harvey Shive; demonstration, "Showing an Inexpensive Wardrobe Equipment," Mrs. Ed Cox and Mrs. Strabala.

C. J. Halverstadt, of Leetonia, farm bureau official, gave a talk. Lunch was served.

The county Achievement day program will be held June 17, at the Lisbon high school.

The next meeting of the Salem township farm bureau will be on July 18.

SLAYER TO DIE IN CHAIR SOON

Convicted Murderer of Akron Man Scheduled For Execution at Ohio Penitentiary Monday

COLUMBUS, May 24.—Barring any intervention on the part of state agencies, John Richardson, slayer of a waiter in a roadside holdup near Akron, will go to his death in the electric chair at Ohio penitentiary Monday night.

It will be the first execution within the prison since the fire on April 21 which cost the lives of 320 convicts.

Richardson was scheduled to die on April 25 but at that time the prison was in a state of chaos due to a revolt of prisoners following the fire. The clemency board put off the execution until May 26.

Cooper To Speak

COLUMBUS, May 24.—Gov. Cooper will address the annual banquet of the Luther League of Ohio at Lakeside, July 25. All United Lutheran organizations in the state will take part in the meeting.

EXAMINATIONS WILL START ON MONDAY AT SALEM SCHOOLS

Pupils Prepare For Final Tests Of Year; Seniors Plan Activities

Examinations, dreaded by many pupils but greeted by all as incidents which mark the close of a long grind, enter quietly and unobtrusively into the scholastic careers of approximately 2,500 Salem students next week.

Starting tonight, members of the graduating class of Salem High—those students who in two weeks will receive diplomas emblematic of the completion of their high school days—will burn the midnight oil long and regularly, preparing for the final tests which start Monday.

Other high school students, freshmen, juniors and sophomores, start exams Thursday.

Senior examinations will be held Monday, Tuesday and Wednesday following which the prospective grads concentrate all preparations on coming events such as the baccalaureate service, junior-senior prom, farewell party and last, and most auspicious in their early lives—commencement.

End Comes Quickly
Those students who have looked upon the semester as never ending are quickly awakening to the realization that in a short time there will be an exodus in their lives and that the building in which they, or at least most of them, have been registered, will become a hollow shell as time falls due for the annual summer vacation. Freshmen are elated—seniors saddened, by the imminence of the year's close.

About 500 students are succumbing to the pell. Only the intense interest in what Coach Floyd Stone's track and field athletes are doing in the state meet at Columbus today maintains their spirit and saves them from lethargy. Idling Teachers and students are affected alike, for even some of the latter will not be back next year.

Close Decoration Day
Decoration Day will be another epochal occasion with students. Schools will be closed and except for the march to and from Hope

OPPOSENTS FILE FRAUD CHARGES

Official Count Of Votes Cast In Primaries Brings Scandal

PHILADELPHIA, May 24.—With the official count of the vote cast in last Tuesday's primary under way in all counties, charges of fraud in the contest between Gifford Pinchot and Francis Shunk Brown for the Republican gubernatorial nomination, have been made by supporters of both candidates.

Official figures from four of the 67 counties added 246 votes to Pinchot's unofficial plurality, giving him a lead of 14,770 with eleven districts still to be heard from, officially or unofficially. Returns from 8,690 of the 8,701 election districts in the state, including the official counts from Bucks, Schuylkill, Elk and Monroe counties, gave Pinchot a total of 632,824 and Brown 681,051.

A legal move has been made by Brown supporters to prevent certification of all returns from 372 districts in Luzerne county where Pinchot was credited with a plurality of 26,000. Pinchot adherents filed a petition in common pleas court here alleging irregularities in many divisions. The Pinchot petition asked the court to withhold certification of the official count until the petitioners have an opportunity to assemble evidence to substantiate their allegations.

HOOVER ORDERS SENATE ACTION ON NAVAL PACT

President Threatens To Call Special Session; Issues Statement

WASHINGTON, May 24.—The senate today prepared for early disposition of the London naval limitations agreement with President Hoover giving notice he would call a special session if the pact is not acted upon before adjournment.

The president's declaration ended talk of deferring the treaty debate until December and stirred advocates of the pact into action for its prompt consideration.

A Republican conference on Monday will decide whether the treaty will be taken up in the regular session or deferred for the special meeting which the president is ready to call.

Hoover's Statement
The president late yesterday made the following statement:

"It is my understanding that the advocates of the naval treaty in the senate are earnestly striving for action in the present session. If it should prove impossible to complete it at the regular session I shall call a special session of the senate immediately following the regular session to deal with the question."

"The leaders in the senate have been consulted and are in agreement with this program."

With the treaty issue definitely before the senate, little hope is held out of an adjournment before July 1. If the treaty is put aside for the special session, it is believed congress can adjourn by June 10.

LUTHERANS TO BREAK GROUND

Observe Starting Of New Church Building With Sunday Event Here

Ground-breaking ceremonies will be held by the Holy Trinity English Lutheran church in observance of the beginning of the construction of a new church, Sunday morning, Henry Ross, Woodland ave, the congregation's oldest charter member, will break the ground.

The event will be in charge of Rev. G. D. Keister, pastor of the church.

It will be held immediately following regular services which are held at the Memorial building pending completion of the new edifice.

Important Political Events In Ohio Many In Past Week

Buckeye State Situation Changes Greatly With Added Activity

COLUMBUS, May 24.—It looked like the days of the old political campaigns this week. For weeks past, ever since the first rumor-bird began "peeping" about the coming primary, politics have been sporadic, popping here and there as the spirit moved the brethren.

Scattered meetings and rallies and occasional announcements of candidates kept the machines in running order until the final spurt before the filing deadline.

But this week saw the complexion change. Secretary of State Clarence J. Brown added the most zest to the situation by calling in all of the members of the various county election boards and giving them the "lowdown" on the new election code passed by the last legislature.

Other outstanding features of the week included:
Announcement of the candidacy of Harry S. Day of Fremont, former state treasurer, for the Republican nomination for that same office.
Appointment by Gov. Myers Y. Cooper of Municipal Judge Harty B. Holmes to the vacancy on the Franklin county common pleas bench and the subsequent tiff between Cecil J. Randall, unsuccessful candidate for the post, and Harry C. Arnold, county Republican chairman.

VETERAN AID IN AMERICA ASKED BY LEGIONNAIRE

Speaker In E. Liverpool Tri-State Gathering Attacks Delays

LARGE BODY OF WAR VETERANS PRESENT

West Virginia, Ohio And Pennsylvania Posts Hear Legion Head

EAST LIVERPOOL, May 24.—The injustice of delay in providing proper hospitalization and care for disabled World war veterans was described by O. L. Bodenhamer, national commander of the American Legion, here last night. He announced the legion favors a hospital policy that will anticipate the need of the disabled in his speech at a joint meeting held in his honor in the Elks temple by 12 Ohio posts, two West Virginia posts and 12 Pennsylvania posts.

He described the delay, from the time of a national convention of the legion, when the urgent need of such care is made apparent, to the time, two or three years later, when the veteran is able to get that care.

"A national legion convention" he said, "studies the situation of the disabled, and recommends certain, urgent, provisions. These needs are drawn up in a bill and presented at the next session of congress. The bill is referred to a committee. Exhaustive hearings are held. Perhaps the measure is held up until the next session. If we are lucky, the bill finally becomes a law, and an appropriation is made."

States Cause Delays
"Then comes the scramble among the states, and among the congressmen, to obtain the new hospitals."

LIMA, May 24.—Arthur G. Carls, 48, president of Defiance college, and his father, S. G. Carls, 78, were injured last night when an interurban train struck their automobile at Leipsic, Putnam county.

The college president received three fractured ribs, while his father suffered concussion of the brain.

DEFENSE RESTS AS TRIAL NEARS CLOSE IN LISBON

Defendant Subjected To Cross-Examination By Prosecutor Friday

ACCUSED DESCRIBES AFFAIR TO JURY

Court Will Adjourn Until Monday At Close Of Today's Session

BULLETIN
The case closed at 10:30 a. m. today at the close of rebuttal testimony of three witnesses called to the stand by the state. It will reopen at 9 a. m. Monday with opening arguments. The jury is practically certain to get the case Monday afternoon at the completion of arguments.

LISBON, May 24.—It has been definitely determined by counsel and Judge Winfield S. Slocum that the jury in the case of Harry W. Kushing, Pittsburgh, Pa., youth now on trial in common pleas court on an indictment charging him with murder in the second degree, will not get the case until Monday afternoon.

This development in the case was announced by the court following a conference with counsel when the defense rested its case shortly before 4 p. m. Friday.

The state announced its intent to place not more than three rebuttal witnesses on the stand at the opening of court at 9:30 this morning. Court was to adjourn at noon until 9:30 a. m. Monday, when argument of counsel will begin. It has been intimated that the court will allow three hours to each side, while Judge Slocum has indicated that his charge to the jury would not occupy much more than 30 minutes.

Should this schedule be maintained, it is taken that the jury will get the case perhaps late Monday afternoon.

Kushing Cross Examined
The defendant Kushing suffered a most severe cross examination by Prosecutor John E. Baucknecht, who has examined and cross examined every witness who has testified in this case. That he has been under tense mental strain throughout the trial of this case is conceded. A total of 64 witnesses had taken the stand when court adjourned Friday afternoon.

Defense rested its case at 3:55, and then Sheriff W. J. Barlow was (Continued on Page 5)

POPPY SALE ON IN CITY TODAY

War Veterans Hold Event To Raise Funds For Disabled Ohioans

A little red flower, symbolic of heroes dead and living and exemplifying the motto, "honor the dead by helping the living," makes its appearance on the streets of Salem today, ushering in the annual Buddy Poppy drive, proceeds of which will go to the care and welfare of disabled exservice men throughout the world.

The name, "Buddy Poppy," was originated by disabled men as a means to protect the men from commercial poppies used by other organizations. Every poppy handled by the V. of F. W. since 1923 has been labeled with a tag bearing the words "W. F. W. Buddy Poppy."

Just as the selection of the poppy as the memorial flower of the nation brought an enthusiastic response from all sections of the country, so has the invocation of the poppy sale as a means of supporting the disabled veteran been given the firm support of leading organizations and personalities throughout the country.

Flowers will be sold in the downtown Salem area from early morning until night. The drive lasts but one day each year.

FILLING THE CHEST

The annual appeal goes out next week for support of Salem's welfare institutions during the coming year. It is a story with which everyone in the city is familiar. The seven organizations which share in the Community Chest are well established. They operate where there is the greatest need, and where their efforts do the most good. In view of the influence which they wield for the welfare of the community, they have become practically indispensable.

Their work must go on. Too many people are benefited by these welfare agencies to even think of curbing their activities. The 1936 budget is smaller than that of last year, but this does not imply that the needs are less than before. The last six months have brought greater demands upon them, even to the point where it has meant the straining of every effort to meet these demands.

It must be apparent to all that the campaign this year will require considerable personal sacrifice to reach the goal, nearly 1700 fewer men employed in the manufacturing plants of the city than there were last year. The men in the shops contributed more than 25 per cent of all the money raised a year ago. It is readily seen, therefore, that those who are fortunate enough to have their business firmly established and who have incomes and positions, must bear an additional burden in order to replace the many idle men, whose great problem today is to provide the necessities for their families.

Already a number of the largest contributors of last year have declared their intentions of increasing their subscriptions. In a number of instances these subscriptions will be doubled over those of last year.

It is this spirit which must insure the complete success of this campaign. All good citizens of Salem must rally together, as the institutions for which this money is being raised have rendered magnificent service to the entire community, and we must not fail them, even though it entails a greater sacrifice than in the past.

POPPY DAY

Workers stationed in the business district of the city offer poppies for sale. Their efforts and the money which they receive for their crimson paper flowers are dedicated to a cause whose worthiness is indisputable—service to men who sacrificed their health for their country.

There is a two-fold purpose in the annual poppy sale. It honors indirectly the dead heroes of the World War. More directly it honors those who still live, because a generous response enables them to finance their vast program of rehabilitation and child welfare. The money obtained for these paper symbols of Flanders fields is the principal source of income for this work.

The American Legion with its auxiliary and the Veterans of Foreign Wars, are dedicated to helping the men and women who have been disabled in their country's service. Hundreds of veterans and their families are dependent in some measure upon them, some as charity cases, others for gainful employment. The manufacture of the poppies alone gives employment to many.

Americans do not forget service. The poppy boutonniere which you wear demonstrates that.

THE THIRD PARTY MIRAGE

When the sameness of the political horizon persists too long there is always the mirage of a third political party to furnish diversion. American history reveals further.

more that the mirage has a way of turning into reality every so often—at intervals of 12 to 16 years to be exact. At present there is the usual group fascinated by the new-party mirage.

Insurgent movements in politics invariably are movements of protest. There are two alternatives for the malcontented—a change of party or the formation of a new party. Naturally, if the feeling be strong enough it is more natural to let it rage in a third party since there are no pre-established limitations.

Six years ago the late Senator La Follette headed the United States' last important political insurgency, a movement which might have put the Democratic party in power. Back in 1912, however, the Bull Moose movement did succeed in splitting the Republican party to the great advantage of the Democrats, who placed Woodrow Wilson in the White House. In earlier times the Granger, Populist, Greenback and other third parties flourished for their brief day and died. The predominating characteristic of the third party is its splendid efficiency in letting its members blow off steam without getting themselves anything but the credit of assisting one of the two major parties.

Economic discontent and agrarian complaints always have been fertile sources of insurgency and some observers of the political situation discern an advanced ripeness of opportunity in the present condition of the west. The coalition of southern Democrats and western Republicans has been quick to further the cry that the industrial east is far from interested in the welfare of the agricultural west.

It is doubtful, however, that the rather indefinite grievances of the western farmers, even strengthened as they are by strong sectional feeling, are great enough to constitute a burning issue. Further than that there are no Roosevelt, no La Follette to head a political bolt. It is all too evident that the western states are the most likely source of any third party movements that may arise. Eyes which are turned to the setting sun are seeing interesting sights there—mirages which in a few years they hope may take shape as important political movements—and just as likely may dissipate entirely.

What Others Say

PERPETUATING HATE BY WILL.
The will of the late J. H. Harley Manners, play writer, provided that the sum of \$3,000 be given to the Royal General Theatrical fund, of London, on condition that two of his plays, "All Clear" and "God of My Fathers," be performed annually for at least six years at the benefit of the Drury Lane theater.

Things being as they are in the world of the theater, this sum probably would have come in handy. But the London actors turned it down. The reason is apparent to those who know the two Manners plays or who noted this clause in the playwright's will.

"I desire that these plays be performed during these years so that the remembrance of the atrocities committed by the Germans upon the English people be kept alive for at least that period."
The sum left by Mr. Manners to the theatrical fund, then, was only secondarily an aid to charity. Primarily, it was for the perpetuation of hatred, an emotion a large part of the world, particularly that part engaged in the late war, is trying hard to forget.

Apparently, the actors of London are tired of war-bred hatred, despite the fact that many of them have good reason to remember the conflict. This weariness, it would seem, exceeds their need for Mr. Manners' bequest.—Columbus Dispatch.

The Stars Say

For Sunday, May 25
Sunday's horoscope stresses the occasions for pleasure through social, artistic, domestic and affectional affiliations, and also promises interesting mystical, spiritual or psychic aspirations. Advancement or preference should come through sharp channels of activity, but sharp reign should be kept on the passions and emotions.

Those whose birthday it is may anticipate a year in which the cultural, emotional, social and mystical experiences may be uppermost. Benefits, recognition and advancement may come through higher avenues of ambition, but progress should not be placed in jeopardy by impetuosity, temper or self-indulgence. A child born on this day should rise to position and recognition by means of its social, cultural or mystical tendencies and talents, although it may be practical, courageous as well as subtle in its reaches for popularity and progress, both of which are assured by benefic stars.

For Monday, May 26
Monday's astrological forecast is for much substantial progress in all pertaining to lands, property, mining, machinery or agriculture. These should react to fine stimulus after a period of congestion, delay and frustration. There may be some unforeseen change or journey of benefit, although there may be some petty annoyances or anxieties of a personal nature.

Those whose birthday it is may expect a year of substantial progress and prosperity in all matters of labor, industry, lands or real possessions. An unexpected change or journey may be in store, as well as some petty personal anxieties or worries. A child born on this day may be steady and industrious and should attain possessions by its own individual hard work as well as skill and ingenuity.

HEALTH

By Dr. Royal S. Copeland

SKIN INFLAMMATION

There are many forms of inflammation of the skin. Eczema is one of the most common of them. Infants suffer from it more than from any other skin trouble. It is a very uncomfortable thing to have.

It usually indicates a poor condition of the digestive tract. Any digestive disturbance may bring it on. In the case of infants, it may be caused by irritation of the clothing, too strong soap, or cold, damp winds.

Like almost every inflammation, eczema begins with a redness of the skin; then small blisters appear and break, followed by a scale or crust. There is terrible itching, and a baby may scratch itself badly, causing infection, unless the fingernails are kept very short.

It most often happens on the face, though other parts attack the arms, legs or body. The hands may be the seat of trouble.

Eczema of the scalp in babies may occur before or after weaning, and pain and soreness of teething may come with it. The constant irritation may wear the baby out. Fresh milk, beef juice and a little orange juice daily should cure the worst cases.

Adults in a run-down condition are apt to have eczema. It may be the outward signs of a poorly working stomach and intestines, or it may mean that the kidneys are not operating properly.

No matter whether it is the young child or the adult who is afflicted with this trouble, the first thing to do is to regulate the bowels. The diet must be looked into thoroughly and corrected. In infants, diet is of especial importance. Fat must be reduced and constipation corrected. Probably something in the food will have to be changed at your doctor's direction.

Too highly seasoned food or alcoholic stimulants may produce this skin disease. Any excess in the diet must be overcome before a person may expect to cure the eczema.

The local treatment for infants and adults is about the same.

There are many persons who have sensitive skins. In such cases nothing but the purest water, such as distilled water should be used, or water softened by the use of borax.

The mildest soaps should be used. In eczema the thick crusts which form may be removed by using a poultice made of boracic acid and starch. Make it into a paste by mixing four tablespoonfuls of starch and one-half tablespoonful of boracic acid with a little cold water. Stir until the powders are dissolved. Then pour on one-half pint or more of boiling water and stir briskly. When cool spread a little on gauze or thin, clean cloth and apply. After a few hours the crusts will be softened and the poultice can be removed without irritating the tender skin.

For the distressing itching which comes with eczema, ordinary baking soda and water will relieve it in a solution for outward application. One tablespoonful of hypodermic of soda to a quart of water makes an excellent solution for outside application.

Monarch and Princes Pictured Together

An interesting record in the archives relating to the present Sovereign of England, King George V., who has just commemorated the twentieth anni-

versary of his accession to the throne. The picture was taken during a cross-country ride, and shows grouped about the king, who is in the foreground, the

Duke of York (second from the left), the Duke of Gloucester, Prince George, and the Prince of Wales.

College Co-ed Gliding Star

George Washington University has gone air-minded—at least, glider-minded. To prove it, Miss Geraldine Free, daughter of the Representative from

California, is shown in the new glider which was purchased by the fair students of the university, who recently formed a glider flying club.

In Memory of 'Maid of Orleans'

With surplises and cassocks fluttering in the breeze and being dampened by a typical Orleans drizzle, high churchmen participate in a religious procession through the streets of Orleans, France, to commemorate the immortal Joan of Arc. In the background may be seen the

historic Cathedral of Orleans, where the maid is said to have paused for prayer. A feature of this year's fête was the visit of a battalion of Royal Scots Guards from England, where they are stationed at Windsor Castle.

LEGION POST TO PARTICIPATE IN MEMORIAL EVENT

Columbiana War Veterans Face Busy Period in Coming Week

COLUMBIANA, May 24—Adjutant Walter W. Messersmith of Benjamin Firestone Post, American Legion, has sent out a bulletin to local legionnaires of the post's activities for the coming week, which will be a busy one. Friday evening members attended the tri-state rally at East Liverpool, where they participated in the mammoth parade.

Sunday morning the post, together with the auxiliary, Ladies of the G. A. R., Boy Scouts, Girl Scouts, Campfire girls and Girls' reserves will attend the services at the Presbyterian church, where Rev. J. C. Strubel will preach the memorial sermon. Sunday afternoon legionnaires will hold memorial services in the cemetery at New Springfield, assembling at the legion hall at 2 p. m. Rev. Bright will lead the service at New Springfield while at Petersburg, Rev. J. H. Varner will speak.

The legion firing squad in charge of Sergeant-at-Arms Carl Warner, will take a prominent part in the services.

The regular meeting of the post will be held Wednesday. An invitation ceremony will be held using the full legion ritual. Four new members will be taken into the organization.

Memorial Day Service. Memorial Day services will be held at the cemetery at 9:30 a. m. Friday, May 30, with Rev. G. A. Funk as the speaker. All patriotic organizations are asked to assemble at the legion hall at 9 a. m. to march in the parade.

The American Legion auxiliary holds its annual poppy sale today. The receipts of this sale are used in purchasing supplies for disabled veterans.

CINCINNATI, May 24—Because Pittsburgh has Red mail boxes, Mrs. Edwin Briens, 65, Pittsburgh, attempted to mail a letter in a red box on a street corner here and was greatly excited by the quick arrival of two fire engines, a ladder company, fire marshal and a police patrol.

Mrs. Briens explained that she was mailing a letter to Pittsburgh relatives telling of her visit to Cincinnati and thinking the red box was a mail box opened the door of the fire alarm and deposited an envelope. Noticing the hook and instructions to pull levers at once she did so thinking she was summoning a mail man.

LEGION MEETING

Chambers of commerce and other organizations present their claims and arguments. Weeks and months of delay pass before the sites are tentatively chosen. The government's representatives must have time to purchase the land at fair prices. More months of delay ensue while government attorneys are proving the titles. The government architects draw the plans. Bids are let for the construction. Finally the contractors are chosen and the actual work of building commences. The hospital is built.

"Meanwhile, the disabled veteran, has been waiting as best he could, if he still lives.

"Need immediate care"

"Our disabled are in need of immediate relief. Because of this need, the legion has supported the Johnson bill as it came originally from the veterans committee of the house. It would have benefited some 81,000 disabled men. It would have cost, according to estimate, less than one hundred million dollars. It would likely have met with the approval of the president. We were willing to go so far as to amend this bill in order to reduce the cost if necessary to receive presidential approval. We want immediate relief for these veterans. What the disabled need is immediate and material assistance and not a lot of theoretical ideas which have no chance of maturing for years to come. The original Johnson bill is not perfect, but it would give needed assistance. Perfecting amendments could have been offered later without endangering the final approval of the basic provisions of the Johnson bill."

GRAF ZEPPELIN

(Continued From Page 1.)

departure, as that which watched arrival here Thursday night, came from all over northern Brazil for the occasion.

In gassing the bag prior to its leaving two workmen employed at Campo Ciguia were burned slightly. At first it was believed that they were members of the Graf's crew but this later was denied.

At 1:25 a. m. (11:25 p. m. Salem time Friday) the Graf was sighted passing over Maragogi, about 75 miles south of Pernambuco. Other cities along its route to Rio Janeiro were Maceio, Bahia, and Santa Cruz.

Plans In Doubt

Dr. Eckener's plans were in doubt. While he might be expected to make the trip ordinarily in about 20 hours, which would bring him to Rio Janeiro at about 8 p. m. (6 p. m. Salem time) today, there was

reason to believe he might continue through Saturday night toward Soa Paulo, inland about 300 miles, were a large number of Germans are engaged in coffee-growing. In that event he would return to Rio Janeiro Sunday.

There was some doubt even that a landing would be attempted at Rio Janeiro. There are no facilities there for caring for the Graf and in the event of high winds, which have been the rule there the past few days, a landing would be dangerous. Dr. Eckener made no further comment on his plans than that he would be back in Pernambuco Monday morning.

In the event the Graf does not land at Rio Janeiro three passengers who had intended boarding it there for the voyage back to Lakehurst and Havana will come here by airplane to go aboard. These passengers are William B. Leeds, American millionaire, who came to Brazil so as to fly back in the Graf, J. H. Durrell, connected with the National City bank, and Valentine Boucas, Brazilian business man.

There was some doubt even that a landing would be attempted at Rio Janeiro. There are no facilities there for caring for the Graf and in the event of high winds, which have been the rule there the past few days, a landing would be dangerous. Dr. Eckener made no further comment on his plans than that he would be back in Pernambuco Monday morning.

In the event the Graf does not land at Rio Janeiro three passengers who had intended boarding it there for the voyage back to Lakehurst and Havana will come here by airplane to go aboard. These passengers are William B. Leeds, American millionaire, who came to Brazil so as to fly back in the Graf, J. H. Durrell, connected with the National City bank, and Valentine Boucas, Brazilian business man.

Commandant of New Air Training Center

Brigadier-General F. P. Lahm is in command of the great air corps training center to be dedicated at San Antonio, Texas, June 20 and 21. This "West Point of the Air" will be the world's largest air training center, and when completed will include about 512 buildings, all of masonry. Its personnel will exceed 5,000 and approximately 1,150 students will be trained annually.

DEATHS

JOHN PEET
 John Peet, 67, of Leetonia, died Friday evening at the Salem City hospital, where he was admitted a week ago for an operation.
 Mr. Peet was born Jan. 19, 1863, in Yorkshire, Eng. He had lived in Leetonia for many years and was an employee of the Davison Coal & Coke Co. He was a member of Pioneer lodge No. 539, I. O. O. F., and of St. Paul's Lutheran church.
 Surviving are his widow, Mrs. Mary Peet; one daughter, Lucy, at home; one son, Walter of Leetonia; and one grandson, Willard.
 Funeral service will be held at 2 p. m. Monday at St. Paul's Lutheran church in charge of Dr. H. C. Brillhart. Burial will be in Oakdale cemetery.

KUSHING
 (Continued From Page 1.)
 recalled by the state together with Chief of Police John H. Fultz of Wellsville in rebuttal.
 When Kushing took the stand at 1:05 to continue his cross examination by Bauknecht. The left door of the Chevrolet coupe, showing a dent in the metal frame was again placed before the jury by Bauknecht, and Kushing asked to show, by placing his arm through the door from the outside, the position of the arm of Elliott within the door of the car when the steering wheel became fast or firm.
 He testified that he could not tell how far they traveled before the steering wheel became firm and that he was not aware of the fact that the car did strike the tree.
 Describes Affair
 To further queries, Kushing related that he did not recall that Elliott told him to "hold up your hands" and that the only recollection he had of anything Elliott did say to him was "you're a smart—"

The cross examination shifted to his activities of Sunday, April 6, when he left the home of Miss Frances Barrett, of Struthers, to whom he is engaged, about noon Sunday.

Kushing said when Elliott got on his car that his (Kushing) left hand was on the steering wheel and that his right hand was on the gear shift. He related that his left hand was then raised in the air to ward off the blows and that his right hand was on the steering wheel. He went on to say under cross examination that his car did not strike a tree to his knowledge, and that if gas was then being fed the car it was not by his knowledge.
 It was 3:12 o'clock when Bauknecht closed his cross examination.

Brookes Takes Witness
 Brookes then took the witness, who said that his parents reside at Elvira, and that his father is 70 years old and his mother in the late sixties, and that his mother is ill and being cared for by his father and that was the reason they were not in court. He said further to a query that he had asked for a record of his examination before Bauknecht, but that this had been denied him.
 At this point Brookes announced that he wanted to use this type-written record in his argument, but Bauknecht declared that it was his private record and objected to its use in this manner. A conference with the court followed, and it was announced by Bauknecht that it had been agreed that the record could be used by Brookes and Moore in their argument.

The defense then called Miss Blanche Harris, Ravenna attorney, to the stand as a character witness.
EXAMINATIONS
 (Continued From Page 1.)
 ing students, comes Tuesday night. The baccalaureate service is Sunday, June 1 and on June 3 the seniors bid one another adieu or "auf wiedersehen" in their annual farewell party. All high school athletes will be given recognition for their victorious deeds on gridiron, basketball court and track and field in the recognition assembly Wednesday, June 3.
 Commencement exercises will be held on Thursday, June 5 and then seniors will be ushered in as members of the Salem High School Alumni association at the latter organization's annual gala event at the Memorial building, Friday June 6.

New Champion Expected In State Scholastic Meet At Columbus

Lakewood, Scott High Favored To Dethrone Present Title Holder

BULLETIN
Salem High failed to qualify in any preliminary track events Friday afternoon. East Palestine advanced one athlete, Ross Wertz, to the finals. Wertz qualified in the 440-yd race.

COLUMBUS, May 24.—The stage was set in Ohio stadium today for one of the greatest thrills in sport—the downfall of a champion, and the dethroning of this particular champion has been delayed for three years.

Central High school of Columbus, backed by a triennial tradition of superiority in track, trod a thorny path on its road to a fourth consecutive title in the annual state interscholastic meet. Lakewood of Cleveland, and Scott High of Toledo, who have been snapping at Central's heels for three years, appeared to have narrowed the gap still further this year and hoped, with the aid of Cleveland East Tech, and Salem High to wipe out the remaining margin between Central and the rest of the state.

Central Qualifies Four
The tip-off came yesterday when Central placed only four boys in the finals of the dashes and hurdles, their strongest events.

While the track drama was being enacted inside the stadium, state

titles in baseball and tennis were at stake on the diamonds and courts surrounding it.

Martins Perry played Garfield Heights of Cleveland and Woodward of Cincinnati met Waite High of Toledo in semi-final games for the Class A baseball championship. Scott played St. Paris and Hopedale met Petersburg in Class B.

The tennis singles title lay between Nihanser of Cuyahoga Falls who played Minich of Lorain and Hoiles of Cuyahoga Falls who faced Earl Bosson of Western Hills, Cincinnati, the runner-up last year. Paired in the doubles semi-finals were the Cuyahoga Falls boys against Carney and Saunders of Youngstown Rayen. The Cuyahoga Falls and Western Hills entries were co-favorites to win.

A high wind abrogated several record breaking performances on the track yesterday but a rain storm appeared to have left a fast track and favorable conditions for legitimate performances in record time today.

Tolan Meets Simpson
EVANSTON, ILL., May 24.—Eddie Tolan of Michigan and George Simpson of Ohio state threw away their starting blocks today to run each hoped would be the fastest 115-yard dash a cinder track ever saw.

In the qualifying trials of the 30th annual western conference outdoor track and field championships yesterday at Northwestern university Simpson and Tolan again established themselves as the pick of the ten sprinters—Simpson without using blocks and Tolan, aided by them.

Simpson turned in the best time in the sprints, easily taking his heat of the 100 in the excellent time of .02.7, and Tolan finishing just as easily one-tenth of a second slower—both running in a brisk rainstorm. The Ohio speedster was just as good in the 220 winning his trial in .21, while Tolan won his in .21.8. Neither was pressed.

Illinois and Michigan were the standout entrants for the title. The Wolverines and Illinois, along with Iowa, qualified 15 men each in the 11 events yesterday.

Ohio state qualified 15 men each in the 11 events yesterday. Ohio State qualified 13, Wisconsin 11, Chicago 6, Northwestern 5, Minnesota 4, C.C. and Indiana and Purdue 3 each.

Leo Sentman, crack Illinois hurdler, accounted for an excellent performance in the 120-yard high hurdles, winning his heat in .14.7, one-tenth of a second slower than the conference record. He also, with Dick Rockaway of Ohio State, qualified in the low hurdles, Rockaway having the best time—24 seconds flat.

SPORT BRIEFS
U. S. Golfers Ready
ST. ANDREWS, SCOTLAND—Twenty-four Americans, including all eight members of the United States Walker Cup team, have entered the British amateur golf championship which gets under way here on Monday morning.

Bobby Jones is seeking the only major golfing title that so far has eluded his grasp and Great Britain's finest amateurs will be assembled to repel the American assault. The championship is a match play event with no qualifying round.

Ohio Trims Wesleyan
ATHENS—Ohio university today was assured of a tie for third place in the Buckeye conference baseball standings by virtue of yesterday's 8-3 victory over Ohio Wesleyan.

Wooster Defeated
NEW CONCORD—Muskingum defeated Wooster, 7-5, in a dual track meet here yesterday.

St. Xavier Trimmied
CINCINNATI—Behind sparkling mound work by Austin, Marshall college of Huntington defeated St. Xavier's baseball squad here yesterday, 7 to 1. The West Virginia hurler allowed only three hits.

Favorites Named
COLLINGSVILLE, ILL.—The two three horses in last week's Kentucky Derby today were favorites in the fifth renewal of the Fairmount Derby. Pre-race odds showed no partiality, both Gallant Knight, the Audley Farm color bearer and G. W. Foreman's Ned O. being 3 to 2 to come in ahead. The race, over a mile and quarter, is worth \$15,000 added.

NEW YORK—The Charles F. Murphy memorial committee's plans for an \$80,000 flagpole in Union square, near Tammany hall, have been approved by the municipal art commission. There were protests when the memorial was proposed, but it is now announced the pole will not be a memorial to the late Tammany chieftain but will commemorate the 150th anniversary of the declaration of independence.

When a hat is hung on a new rack intended for use in closets a spring lifts it out of the way of other clothing.

MIAMI FAVORED IN OHIO TRACK CONTEST TODAY

ATHENS, May 24.—Having placed eight men in the finals of the sprints and hurdles during yesterday's trials, Miami university's athletes today were ready to prove to Ohio Wesleyan, Denison, Cincinnati and Ohio university that they have the best track team in the Buckeye conference.

George "Dee" Hutson, Denison's top-notch sprinter who placed in the national collegiates last year and second in the Penn relays "hundred" this year, tied his own conference record of 9.6 seconds for the 100-yard dash yesterday.

Hutson, Wolfe of Miami, Lam-bacher of Ohio Wesleyan, and Reuter of Ohio all qualified in both the 100 and 220 dashes. Mears of Wesleyan and Steinhauser of Miami, point winners last year in the high and low hurdles, both qualified again as did Woodward of Ohio U. Sweetland of Denison, in the low hurdle and quarter-mile, and Gordon of Miami in the 100 and 440-yard dashes were other double-qualifiers.

Akron Firestones Play Youngstown

YOUNGSTOWN, May 24.—Akron Firestones will meet the Posterville Merchants at Idora park Sunday afternoon.

Both teams are composed of former college and minor league stars while the Firestones are managed by Pat McNulty, former Cleveland Indian outfielder and include in the lineup Hank Provins and Roy Burris, also former Clevelanders.

The Firestones defeated the Salem Dun Eden park team 15-7 last Saturday and have won five straight games.

HURLER PROVES MAIN ASSET TO ST. LOUIS TEAM

Walter Stewart Pitches Browns To Victory Over Cleveland

PIRATES WIN FROM CUBS BY 7-6 SCORE

Pittsburgh Tightens Hold On Third Place; Cards Lose To Dodgers

The St. Louis Browns are fifth in the American league pennant standing, but with the aid of Walter Stewart they get a share of victories.

The club is suffering from weak hitting and weak pitching, ranking at the bottom of the league's club batting averages, but Stewart has developed into a consistent hurler and usually a victorious one. His current record is six victories and three defeats. He proved quite effective against the Cleveland Indians yesterday to give St. Louis a 5 to 4 victory.

Stewart gave Cleveland nine hits yesterday, but few of them in bunches while the Browns made better use of the same number to give Cleveland its third straight defeat and send the Indians down to third place.

The only other scheduled Amer-

ican league game, between Detroit and Chicago, was rained out.

Robins Win Again
The Brooklyn Robins again demonstrated the efficacy of slugging in the National league contest as they hammered the Braves into a 6 to 3 defeat and again gained the top rung of the league ladder. By winning they gained a tie with the St. Louis Cardinals, who were deprived by rain of their chance to stay ahead at the expense of Cincinnati.

The Robins made 13 hits, but Walter Berger of Boston provided the slugging feature with his tenth home run of the year.

The Pittsburgh Pirates tightened their hold on third place, by beating the Chicago Cubs, 7 to 6, while the fourth place New York Giants dropped their second in succession to Philadelphia 9 to 8. The Pirates ran into more hard luck as a second pitcher in two days was sent to bed just before he was due to start. Ervin Brame was lost to the team through a severe attack of grippe.

On Thursday, Steve Swetonic came down with appendicitis.

Nevertheless, Pittsburgh got some good pitching from Heinie Meine, although he gave 14 hits, and better from young Glenn Spencer, who fanned two men in the ninth inning with the tying run on base.

The flashing young Van Ryn was designated to replace George Lott this afternoon against Ricardo Tapia, 20-year-old ace of the Mexican team, whose five set struggle against Allison on Thursday carried

him within a few points of victory. The other singles match will see John Hope Doeg of Santa Monica, Cal., a new member of the 1930 American team, opposing Frederick Sempel, 19-year-old Mexican.

MOVIES

William Powell's performances as Philo Vance in the S. S. Van Dine murder mysteries, so prominent in thrilling dramas of the silver screen for the past year, are overshadowed by his role of "Natural" Davis in the current feature at the State, playing there for the last time tonight. Powell is starred in "Street of Chance," undoubtedly one of his greatest roles.

Powell and Kay Francis are billed as the head-lined stars but Powell and the young graduate of the University of Pittsburgh, Regis Toomey, the latter well known to several Salem residents, are the outstanding players. Powell is a bond broker to his brother until the latter also becomes a famous gambler. Then the former is forced to return to his gambling role in an effort to "break" the youngster and force him from the racket.

The tragic ending only adds to the picture's greatness. "Ship from Shanghai" and a Hoot Gibson talkie are the features closing their run at the Grand tonight.

Next week's program headlines "The Love Parade" with Maurice Chevalier in the starring role. He is supported by Lupino Lane and Lillian Roth in comedy numbers and Jeannette MacDonald where seriousness is needed.

The complete week's program follows:

AT THE STATE

Monday, Tuesday, Wednesday—"Second Choice" starring Dolores Costello (Mrs. John Barrymore), Chester Morris and Jack Mulhall; Johnson brothers Victor Recording duo and radio artists on the stage; Sound News Review.

Thursday, Friday, Saturday—"Woman Racket," Tom Moore, Banche Sweet, Sally Starr; comedy "He Trumpled Her Ace," Fables, Sound News.

AT THE GRAND

Monday, Tuesday, Wednesday—"The Love Parade," talking comedy, "The Dear Slayer."

Thursday, Friday, Saturday—"Lovin' The Ladies," Richard Dix; comedy; screen, talking novelty.

Seven Injured In
Indiana Bus Crash

MADISON, IND., May 24.—Seven persons were slightly injured when a motor bus of the Colonial stage line crashed into a road scraper near here Friday. A guardrail prevented the bus from plunging down a steep embankment.

The injured included Mrs. Florence Gamballe, Detroit; John Krenz, Hamilton, Ohio; M. E. Martin, Detroit; Albert Kneibla, Hamilton, Ohio, and Thelma Ross, Cincinnati.

The bus was bound from Nashville, Tenn., to Cincinnati.

REPORT MADE ON
BUS COLLISION

Accident Near Canton Reported On
By Officials; Driver of Parked
Truck Held Responsible

COLUMBUS, May 24.—A report of the investigation of a collision between a truck of the Knutsen Motor Trucking company and a bus of the Union Motor Transit company, in which two persons were killed and 21 bus passengers injured near Canton early last Sunday, was on file with the state utilities commission today.

The report declared that the driver of the truck, which had been parked along the road in the dark for minor repairs, failed to protect the rear of the vehicle in compliance with regulations. The investigators pointed out the commission's administrative order providing that red lights must be burning on the rear of a truck if it is stopped along the traveled portion of a highway at night.

The report said the testimony of witnesses agreed that the bus came upon the parked truck and the driver did not observe it until it was too late to avoid a collision.

RELIABLE USED CARS

It pays to go
to the Buick Dealer

Two used cars may look much the same from the outside. Mileage, model, tires and general appearance may be all about alike.

Yet there may be a great deal of difference nevertheless—a difference in mechanical condition which will soon show up in actual driving.

You have only the word of the dealer to go by.

That's why it pays to go to the Buick dealer. You can rely on what he says. And you may be sure his price is fair.
